

LASER

MODEL

1570800

PRODUCT DESCRIPTION

Our lasers are widely used for laser detection, measurement, medical applications, physical therapy and beauty applications, laser positioning and laser marking.

The possibilities are endless. Contact us with any questions regarding laser.

TECHNICAL DATA

Diameter outer	± 10 % 28 mm
Color	Green
IP classification	IP67
Voltage range	12-30 V
Power consumption	0.6 W
Weight total	105 g
Wavelength	520 nm
